**COUNTRYWIDE DEMONSTRATION AGAINST  
MANAGEMENT OF STANDARD CHARTERED BANK**

We congratulate all our affiliates and state units for organising a countrywide demonstration at strategic branches/offices of Standard Chartered Bank voicing our strong protest against the procrastination displayed by the management of Standard Chartered Bank to recognize our affiliate, the Association of Standard Chartered Bank Officers (Kolkata), ASCBO, despite several missives from our end and ASCBO.

Reports received from every state and UT indicates massive show of solidarity for our affiliate ASCBO and gathering of hundreds of comrades at every centre. The demonstration has been covered widely in both print and electronic media.

Following the demonstrations, a memorandum addressed to the CEO of Standard Chartered Bank was submitted to the branch heads. AIBOC stands resolute that unless the management of Standard Chartered Bank initiates dialogue with the Officers' Association of Standard Chartered Bank to discuss the issues of improvement of service conditions, create a congenial working atmosphere, improve emoluments and stops the hire and fire policy, the intensity of future agitational programs will be scaled up, which will be inimical to the image and goodwill of the global Bank.

We do hope that the management of Standard Chartered Bank will wake up to realisation that they are up against the might of the largest supervisory cadre trade union in the entire world and initiate dialogue with the leadership of affiliate ASCBO forthwith for betterment of the institution.
